How To Read Bus Route Numbers and Notes

- A '+' indicates that all branches run along that portion of the route. For example 87+ indicates the presence of all branches: the 87, the 87A, the 87B.
- A '*' separates each branch in a route box where only some of the branches follow that portion of the route. For example 87A indicates the presence of the 87A and the 87B, but not the 87.
- A rectangular box indicates a route end point or a branch of a route end point.
- A pointed box is angled to show the direction of travel.
- A yellow rectangular box indicates the end point of an express route or the end point of an express branch of a route. Note that route lines are not shown for express branches on regular routes.
- A yellow pointed box shows the direction of travel on Downtown Express and Rocket routes.
